Luke and Simon

"The company Low-brick houses and wooden structures can with good conscience recommend. Together we planned the whole investment project. In DDNK us handled mortgage loan and is now finalizing project work. Mr. Ing. Sramek us patiently ridden land, advised us and helped us to buy such land, which meets all the requirements for the successful construction of a house key. Here we managed to protect the broken promises of real estate brokers. Already I am looking forward to begin to build together and our family will live in my house. Thank you for your help. "
